TUESDAY EVENING, APRIL 16.

THE DISCORDANT CHOIR.

BY AVEKELLA.

"Sexton, pray can you tell me
Why the choir can't agree?
Once a rich and ev'ry song
Rolled the faulted arch along;
Now a sad and feeble tone
Wanders with discordant moan."

OLD SEXTON.

"Lady, this has been the way
Choral harmonies decay;
Many a Sabbath I have seen
Angry quarrels grow between
Those who all expect to see
Bound by chords of harmony
Through the melody divine
Warm alike your heart and mine,
They are jealous all the while
Of each other's tone and style.
'Tis though you hear them sweetly sing,
In their heart is no good thing;
Though with holy utterance
Full their hearts of enmity.
See the proud soprano flout
If she does not choose the chant,
So angry that she will not speak
To contralto for a week.
Then the tenor next gives place
Without quarreling with the bass,
While the chorus taking sides
Into parts the choir divides.
(I can't think they say their prayers.)
And in wrath they all declare
They'll sing no other Sabbath there."

In the night the organ oft
Hears the angels' voices soft,
"Alas! those voices soft and clear
Can never join our chorus here."
—Lynchburg Virginian.

GUANO AND FERTILIZERS.—The subscriber has on hand a full assortment of the most approved MANURE, which he is prepared to sell in any quantity desired, at the LOWEST MARKET RATES.

As the prices are uniform the farmer can obtain his supplies as well by correspondence as through he were to purchase in person.

PERUVIAN GUANO.—This article comes from the same section as Peruvian, which it closely resembles in texture and appearance. It is much richer in Phosphate, but has less Ammonia. For soil or soil sub-soils it will answer quite as well as Peruvian, and it costs but two thirds the price of that article.

MEXICAN GUANO.—of four grades. Ground Bones. Whitlock's Cerealizer. The high reputation borne by this article as the most effective and reliable crop producer made in the United States, induces me to add the farmer to test it alongside of any manure he may apply.

Weldon's Ammoniated Bone Phosphate. This article is manufactured by the same house, and contains all the best qualities of Peruvian Guano and Ground Bones. W. M. H. IRWIN, mh 28—tf No. 5, South Union street.

GUANO—REEDS' AMMONIATED SUPERPHOSPHATE OF LIME. The best superphosphate yet offered to the farmer, possessing all the activity of Peruvian Guano, but being far more durable in its effect.

It contains a large amount of animal matter in a highly concentrated form, which, combined with its soluble bone phosphate of lime, cannot fail to render it very valuable as a fertilizer. Notwithstanding we believe it to be the best superphosphate in the market, yet, by a process peculiar in its manufacture, whereby the expenses are lessened, we are enabled to sell it very low, with a liberal discount to dealers.

THE GREAT TOMATO.—Maupass' Superior Tomato, in point of flavor, production and perfection of shape, has no equal. It is of a deep red color, in form it is round, slightly flattened, and without crease or wrinkle. It is of medium size, and the flesh almost as solid as a beef steak. In proof of its solidity it may be stated that without being extraordinary large, the average weight is from nine to twelve ounces. One bushel will make as much catsup or fill as many cans as 2 bushels of the ordinary kind, and in point of flavor it is unsurpassable. As an evidence of its superiority of these tomatoes for marketing purposes they command ready sale at \$2 per bushel, when others were offered at \$1. The seeds will be mailed, to any part of the United States on receipt of 25 cents. HENRY COOK, mh 26] 39 and 220, King st., Alexandria.
